

24th November 2025

Dear Parents / Carers,

Whole School Maths Fun Day!

On Wednesday 26th November, Beaumont Lodge will be holding a maths fun day. This will be a great way to remind children that maths is fun and bring about a positive, 'can-do' attitude towards maths. It will also give the children the opportunity to apply mathematical skills throughout a range of exciting activities. We are planning a fun day across EYFS, KS1 and KS2. Each class will take part in a variety of fun mathematical activities such as quizzes, problem solving, puzzles, games etc.

As part of the Maths Fun Day, we are holding a 'Design a T-Shirt competition.' For this, we are encouraging children to decorate a t-shirt at home, with anything maths related. This could be numbers, shapes- be as creative as you can! The children will be entered into the competition if they have created a t-shirt at home, and could be in for a chance of winning a prize!

At the end of the day, we are opening our doors and inviting parents to come and join in with some maths games in your child's classrooms. Doors will be open at 2.30pm. At 3pm, we will need to kindly ask you to line up as usual, so we can safely get the children ready for home time, and procedures will be as normal.

We are very much looking forward to our day of Fun Maths and we look forward to seeing all your creative t-shirt designs. If you have any further questions, please do not hesitate to ask.

Kind regards,

Sophie Kings
