

Thursday 12th February 2026

Dear Parents/Carers,

Safer Internet Day 2026 | Tuesday 10 February

This week, pupils across the school have been taking part in activities to mark Online Safety Day, which we celebrated on Tuesday 10th February 2026. Throughout the week, children have been learning about how to stay safe online, including recognising potential risks, making sensible choices and knowing what to do if something doesn't feel right. These sessions have been tailored to be age-appropriate and engaging, helping pupils build confidence in navigating the digital world safely.

To round off their learning, pupils will be attending a special assembly tomorrow, led by Miss Harris who will be sharing further guidance and reinforcing the key messages explored in class. This will give children another opportunity to reflect on how they can stay safe and responsible when using technology both in school and at home.

We would also like to remind parents and carers that there is a wealth of helpful information available on our school website to support you in keeping your child safe online. You can access resources, advice and the popular #WakeUpWeds guides by visiting:

<https://www.beaumontlodge.leicester.sch.uk/online-safety>

These materials offer practical tips and guidance on a wide range of online safety topics and we encourage you to explore them together as a family.

Thank you for your continued support in helping us promote safe and responsible online behaviour.

Yours sincerely,

Kind regards

Mrs Kazi
