

Monday 27th April 2026

Dear Parents and Carers,

Sir David Attenborough Day – Friday 8th May 2026

We are delighted to let you know that our school will be taking part in a special celebration to mark Sir David Attenborough's 100th birthday.

To celebrate this inspiring milestone, we will be holding a nature-themed day at school on Friday 8th May. During the day, pupils will take part in a special assembly where they will learn more about the life, work and legacy of Sir David Attenborough and his contribution to helping people understand and protect the natural world.

Throughout the day, pupils will also complete a range of fun and engaging activities linked to nature, wildlife and exploration, designed to spark curiosity and encourage appreciation for the world around us.

To add to the excitement, children are invited to come to school dressed as an explorer or an animal on the day. Costumes can be as simple or as creative as you wish — there is absolutely no expectation to buy anything especially for this.

We are really looking forward to celebrating this occasion with the children and sharing a memorable day focused on learning, curiosity and care for nature.

Thank you for your continued support.

Kind regards,

Mrs Solla (Headteacher)
